Subject: Appeal Brief for Patent Application  
No. 09/025,896

I am a pro se appellant prosecuting my own patent application. I understand that an exception to the requirement that all the items, (1) thru (9), specified in 37 CFR 1.192(c) be included in appeal brief is made if the application or reexamination proceeding is being prosecuted by an appellant pro se, there is no attorney or agent of record, and the brief was neither prepared nor signed by a registered attorney or agent, and that the brief of a pro se appellant will be accepted as long as it substantially complies with the requirements of items (1), (2), and (8). I fit in the above category. I submitted a Notice of Appeal From The Examiner To The Board Of Patent Appeals and Interferences (Form PTO/SB/31) on August 19, 2003.

In accordance with MPEP Section 1206, Appeal Brief Content, the Appeal Brief for Patent Application No. 09/025,896 including items (1), (2), and (8), is enclosed.

Also, I have enclosed a copy of the patent for the stoma flange cutter by George E. Seib and Bradley D. Seib (Patent No. 4,858,317), a copy of the Substitute Specification for my invention, the cabbage cutter, and a drawing of the cabbage cutter for easy reference. If these items are not needed, they may be destroyed.
